Monthtly Report- 1st July to 31st July 2021

Class – 4 (2021-22)

It is a supreme Art of the teacher to awaken joy in Creative Expression and Knowledge.

The Microsoft Teams has become an important tool in ensuring academic continuity for students of class IV, by way of providing an interactive platform for pedagogical activities. Various creative activities have been designed and uploaded for the benefit of students, whereby they can learn the concepts taught in an interactive manner. The following assignments were shared according to the timetable.

The Online teaching for Class IV was taken up from July 01, 2021 to July 31,2021. To explain the contents, the teachers provided students various assignments, notes, presentations, YouTube links, self-created videos, etc. To assess the learning outcomes recapitulation exercises, mock test and the formal assessment were done.

The following activities were conducted and contents were taught as per the time table.

CFSI

Academics and extra curricular activities are planned by special educator to fill the gap and decrease the barriers in their learning process in order to make our special students independent. Holistic development is kept in mind while planning the activities and strategies for teaching learning process. Extracurricular activities foster the overall personality of children, help them identify their talents and boost their self-concepts positively.
