During assembly time in the online class as teacher has instructed my kid for the healthy salad making activity, he used to add tomato , onion, cucumber, boiled, potatoes, coriander, black salt, boiled grams etc. My son had enjoyed a lot to do this activity. Day by day he is learning something new n creative. He is getting curious about many things, which is a good sign for his overall development. I would like to say heartfelt thanks to the lovely teachers who are providing a positive, happy and knowledgeable environment to my ki, thanks a ton dear Ma'am.❤️😊😇
