# Deviation

## from the action Plan

- There has been a slight deviation regarding the collaboration. Our earlier partner school was The Holy Trinity College, Pusselawa, Sri Lanka. Before submitting for the approval, action plans were sent to the International partner school coordinator Ms Geehtanjali, she agreed to collaborate. Evidence of correspondence through whatsapp and mail is attached.
- Due to lack of response from our original partner school, somehow we managed to contact another Sri Lankan partner school. Our new partner school, Marassana National School, Kandy has been considerate and agreed for the collaborative project.
- Due to lack of sufficient time they could not do the elaborate project as planned in the action plan. However, they did few activities and we were able to receive their feedback.
- We have also mentioned in our action plan, a visit to Sri Lankan Embassy. We tried getting appointment for the visit, unfortunately didn't get a positive response. Evidence of correspondence is attached.

## PRINCIPAL'S MESSAGE

Students can be transformed into leaders only if they are imbued with a vision. And a vision is possible only if one's learning combines the understanding of the nitty-gritty with the larger understanding and appreciation of the nuances of the world. Every great idea is developed from a concept. Its success and failure is defined by its uniqueness and efforts being put into taking it to greatness. Model United Nations or MUN is just such a project. With this perspective, Bal Bharati Public School Noida is ready to organise its very first Model United Nations Conference this year with the promise of providing a practical learning experience in addition to a conducive environment for

**Asha Prabhakar (Principal)**

bringing forth opinions, through this exceptional and multi-faceted platform. Our attempt of bringing together this amazing conglomerate of minds will not only pave the path for youth empowerment but will also be our contribution as an educational institution towards overall development of students. Bal Bharati Model United Nations Conference 2017 is an endeavor to provide an arena to student diplomats for discussing intense global issues and deliberate upon prevalent problems, along with portraying their diplomatic skills, analysing various perspectives, asking thought-provoking questions and finally arriving at plausible explanations and solutions. I sincerely hope that this Conference will turn out to be a spectacular event with your support and enthusiastic participation. As BalBharatians we believe that it's time for the youth to 'transcend, transform and transpire' beyond the pre-defined limits of society and strive for a better today and tomorrow.

# ROHINGYA REFUGEE CRISIS: SITUATION OF HUMAN RIGHTS IN MYANMAR

## WHO WILL TAKE CHARGE OF THE REFUGEE CRISIS AND HOW WILL THEY BE GUARANTEED HUMAN RIGHTS?

The issue: Myanmar considers Rohingya's as illegal Muslim Bengali immigrants, despite the fact that many of them have resided in Rakhine province of Myanmar for centuries. Myanmar government even refuses to grant them citizenship status, and as a result they do not have legal documentation, effectively making them stateless. They are also restricted from freedom of movement, state education and civil services jobs.

### Brain storming session on Rohingya Crisis

# HUMAN RIGHTS COMMISSION SESSION ON THE HUMAN RIGHTS OF ROHINGYA

The deepness of your mind produces the thickness of your thoughts.

“Brain storming is the nexus of ideas”.

Large and enthusiastic group of young delegates engaged in global issue.

# DRAFTING OF RESOLUTION

The ultimate goal of MUN Conference is to create and pass resolutions in committee to be applied to the world and solve the issue at hand. Resolutions, which are drafted by the delegates and voted on by the committee, require a simple majority to pass.

Open mindedness is the essence of successful diplomacy the ability to understand and analyse all position including those that you oppose.

## RESOLUTION:

Delegates unanimously passed the resolution that the solution lies in Myanmar and not elsewhere and it also has to be a permanent one so that Rohingyas live peacefully. Myanmar government should ensure the right of refugees to return voluntarily, and in safety and in dignity and allow the necessary unhindered humanitarian access to Rakhine State and create conditions for genuine and lasting solution.

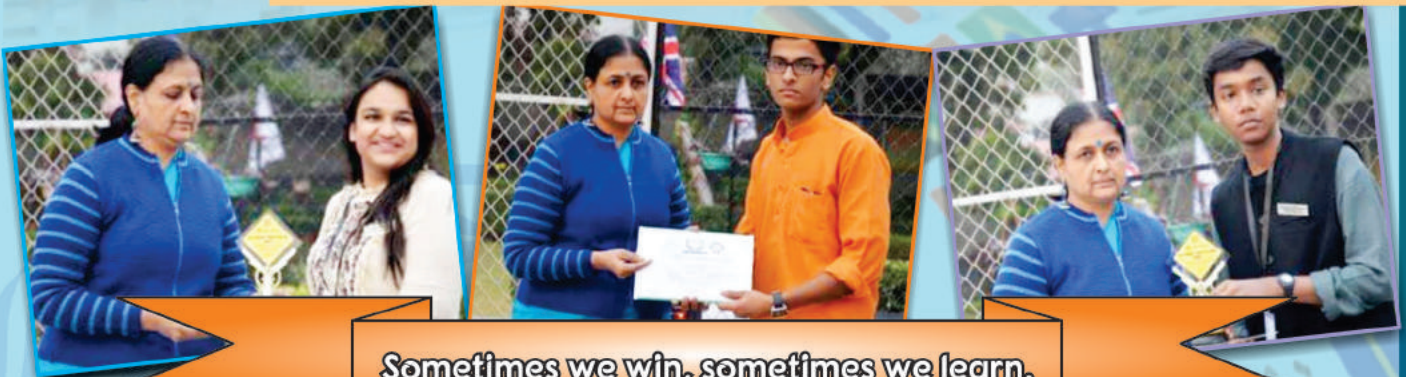

*“To Deny People Their Human Rights Is To Challenge Their Very Humanity.” Nelson Mandela*

# CLOSING CEREMONY

After the assessment of delegates on their communicative skills, leadership abilities, depth of research work, analyzing capacity, lobbying skills and practical approach to the agenda by the most experienced Executive Board members names of winners were declared.

## MUCH WAITED MOMENT FOR THE DELEGATES, ANNOUNCEMENT OF THE BEST DELEGATE AWARD

Model United Nation Conference is not about just winning but learning various skills like diplomacy, cooperation, interaction and social dynamics.

The entire proceedings of the Conference were covered by the media team headed by experts. ## The Rights of Rohingya-

The delegate of the republic of Albania was talking about the importance of Buddhism in Myanmar, the delegate talked about how Rohingyas are reprimanded. She says that if Myanmar Govt. stops discriminating against them then they will also stop. Also she points out that India is deporting Rohingyas because it thinks that some of them might be terrorist or has connection with terrorist camps in Pakistan.

Next moderated caucus started with the topic Violence faced by women and children, in which the delegate of the Federal Republic of Nigeria talks about how 60% of Rohingyas are women and children who have faced violence being conducted against them, which he continues by telling a story about the same. Speaking next, the delegate of Croatia talks about the children of Rohingyas and Rakhine state who got unregistered after the violence of 2012 in Myanmar. Next was delegate of china, who tells an instance about how a Rohingya woman was fleeing her country when on her way 6 men captured her, raped her and then killed her brother and this leads to genocide. Lastly delegate of Myanmar finally tells how Myanmar needs itself to be seen as a stable country and how it is ethnically diverse, then proceeds by saying how Rohingyas are now being given some rights. The delegate of Paraguay, says that Myanmar forces the recruitment of its children and how it violates the chapter 8 of section 359 of Myanmar constitution.

On which The delegate of India raises a point, how section 359 applies to the citizen of its country and Myanmar does not recognize the Rohingyas as its citizen. The delegate of Albania also raises a question that, why India doesn't accept Rohingyas? To which, the delegate of India answers that it is already an overpopulated country and accepting refugees will only raise the ongoing conflict between Hindu and Muslims. And how it had only deported the unregistered Rohingyas.

*"The More Reflective You Are, The More Effective You Are."*

Bal Bharati Public school, NOIDA  
Model . United . Nations

The first edition of Bal Bharati, Noida MUN was held on 1st and 2nd december, 2017. Comprising of committees like UN Women, UN Human Rights Council, UN Security Council and many more such committees. This MUN had a lot of great agenda's which actually required intellectual brain storming. I was a part of the prestigious UN Women committee whose agenda focused on the Rights of Prostitutes and wheter prostitution should be legalized or not. I was participating as the delegate of Belgium. The school had brought a group of the best Executive Board which help us raise the level of debate and understand the value of the lives of prostitutes who were directly affected by it. The team of conference staff were amazing and always at our service. The confrence material was of great quality right from the chitpad to the placards. My Model United Nations (MUN) journey started 2 years ago due to my inclination towards this exceptional arena. This multi-faceted platform drew my attention more and more everytime I engaged myself in this activity. I guess the most pivotal reason behind my involvement is the fact that more than one of my skills are put to the test at the same time which creates a great deal of rush and excitement within a few moments.

It has been an exemplary experience and it all reached its height when I became a part of the very 1<sup>st</sup> edition of MODEL UNITED NATIONS CONFERENCE held at BBPS, NOIDA by being the CHARGÉ D'AFFAIRS.

The conference simulated paved a way for delegates to deliberate upon issues that carry immense weightage in the global context.

The agendas set for the various committees reflected the positive strategy of the organising committee. We were able to formalise a platform to discuss and intensely debate upon diverse issues - from Rohingya Refugee Crisis to environmental degradation. We were able to accommodate a large variety of agendas which could give delegates many options to choose from. The conference gave rise to strenuous debate and resolution making on grave issues like refugee crisis, illicit drugs, right to privacy etc that threaten humanity in the 21<sup>st</sup> century.

## RELECTION FROM THE DESK OF THE PROJECT COORDINATOR

**Model United Nations** is an authentic simulation of the UN General Assembly, UN Security Council; UN Human rights Commission or other multilateral body, which catapults students into the world of diplomacy and negotiation. In Model UN, students step into the shoes of ambassadors of UN member states, from Myanmar to Zimbabwe to debate current issues on Organization's vast agenda. The students, better known as delegates in Model UN prepare draft resolutions, plot strategies, negotiate with supporters and adversaries, resolve conflicts, and navigate the UN's rules of procedure- all in the interest of mobilizing 'international cooperation" to problems that affect almost every country on Earth...
