"The capacity to learn is a gift, the ability to learn is a skill, the willingness to learn is a choice." Brian Herbert

Namaskar!!!

Swami Vivekananda once said, "*Education is the manifestation of the perfection already in man.*"

Greetings from Bal Bharati Public School, Noida!!!

With a deep sense of exhilaration and delectation, I present the Annual Day Report of the year 2017-18. On this joyous occasion, I thank each and every one for your relentless support and encouragement; the dedication and untiring efforts that have taken Bal Bharati Public School, Noida to the towering heights of success and accomplishments.

- In the pursuit of bridging and nourishing this challenge ,an integrated approach with a sustained, systematic and concerned approach is necessary. This is only possible through the formal and informal education imparted to the new generation. Imparting 'in school' and 'beyond school learning' is a new era challenge. One needs to create a 'needs and expectation matrix' through innovation where reception of the new form of education is the need of the hour. Communicating with the heterogeneous groups and establishing a balance is the new form of spreading knowledge. But due to the supremacy of the exam system, the informal education that is found in the pockets of extra curricular and co-curricular activities need to be framed through explicit policies.

- At Bal Bharati, such amalgamation is continuously done. The curriculum is integrated through life skills thereby aiming at nurturing personal and social competence required for future life. To live up to the challenge, the inherent talents and the skill banks of every student is excavated and garnered towards an interactive social learning culture.

- In the recent days vocational education has added a new feather and there is something to learn for everyone. Gone are the days when education was a strict watertight compartment. Today every individual's ability is caressed with a reasonable instinct that he/she is capable to carve a niche in the society. Schools in present days are a motivational center with the inspirational action of creating 'learning rooms'. Developing kaleidoscopic knowledge enhances a versatile spectrum of not only formal education but also informal teaching and learning.

- Although it is said that conformation breeds monotony, we may conclude that exploration leads to the next amazing discovery. Burning curiosity, a desire to learn is the primary reason that leads to an individual's growth. Each individual in turn 'enchains this chain' of fostering any aptitude, any talent to greater dimensions. By pushing boundaries and rising above the mere code of traditional education can be the foundation of learning, but when we interwine this with the nurturing of multi-dimensional sonata of life skills and vocational education, we are sure to reach the joy and ecstasy of growing and gaining a lifetime.

- Keeping this in mind, we here at Bal Bharati present before you a plethora of activities that were and will be nurtured and mentored to shape future ready students and global citizens.

A GLIMPSE OF THE ACADEMIC ACHIEVEMENTS

Donning the hat of academic excellence has become a habit with the bright Bal Bharatians. Year after year the number of achievers have multiplied manifold and they shine bright in the firmament. The proud achievers have really proved their mettle and have emerged stellar performers.

AWARDS, ACCOLADES & APPRECIATION

ISA AWARD

The school won the prestigious British Council International School Award (2018-21) for the third time in succession. The dossier of International work submitted was appreciated for meticulous planning and execution.

INTERNATIONAL SCHOOL ACTIVITIES

As a part of Collaborative ISA activity with Holy Trinity, Sri Lanka, the partner school, students of Class-VI interacted with the parents on 06 May, 17. The topic was 'Different Sounds – One Meaning : Linguistic Resonance – Breaking Barriers and unifying inspite of language differences. Students greeted the parents in 04 languages i.e. Hindi from India, English from England, French from France, Gaelic from Scotland and Sinhalese from Sri Lanka. The parents appreciated the efforts of the students.

As a part of ISA Activity, a Skype call was executed between the primary wing of BBPS, Noida and Beaconsfield Upper Primary School, Melbourne, Australia on 09 May, 2017. The session served as a platform to exchange ideas between the cultures of two countries.

Mr. Niladri Das, TGT (Art & Craft) gave live demonstration on Mask Making using the Gond Art, a Tribal Art form of Madhya Pradesh, India. The theme of the activity was Zoo Crew- A Rendezvous with Endangered Species. Students of both the schools prepared beautiful masks of Tiger, the National Animal of India that has been declared as an endangered animal. The students participated in the activity with great zeal and enthusiasm.

GENERATION GLOBAL(TONY BLAIR FOUNDATION)

'Generation Global' is a Global Educational Programme for Middle and Secondary School Students run by the 'Tony Blair Foundation'. It connects students worldwide via a secure website where they interact and discuss global issues from a variety of faith and belief perspectives.

A total of 35 schools from Delhi / NCR participated in the event. It was a matter of great pride that the team was invited to meet Prince Charles along with the School Principal at British Council Headquarters on 08 Nov, 2017.

ISA BLOGGING

Witnessing a lot of changes in education every minute, students all over the world face many challenges while learning new concepts and updating their skills. As a part of the ISA project, the collaborative curriculum has opened a horizon for the learners to scale new heights, exchange and update their awareness and knowledge with the learners across the globe. The platform of INTERNET BLOGGING has been efficiently and enthusiastically used by our school students. They share and express views worldwide with other learners of the same age group.

Our students have participated quite actively and exchanged their opinions on the topics of Peace and Reconciliation, Human Rights and Essentials of Dialogues in the academic session 2017-18. They were given adequate guidance on writing skills and points to be followed while expressing their valuable opinions with partner schools.

Setting up of Tab Lab. Khan Academy is a portal to integrate education with technology. The school has taken up a pilot project in collaboration with Khan Academy for the students of Class VI. The Tab Lab was inaugurated on 19 Jan, 2018 with a motive to add new dimension to teaching of Mathematics. The students were provided with Tablets for online Mathematics practice sessions. A quick assessment of their performance by the online platform helped in recognizing the teaching - learning gaps and provided effective remedial measures in the teaching of Mathematics.

CO-CURRICULAR ACTIVITIES

It has been widely understood that class room transaction in academic subjects alone cannot foster development in all areas or help to develop life skills.

We take care to inculcate qualities such as Self Esteem, Positive Attitude and Life Skills of Creative and Critical Thinking by involving and giving our students various opportunities in Inter/ Intra School Competitions.

The school participated in numerous Inter school /Open competitions during the year and won prizes galore. Some of the outstanding achievements of our students during the session 2017-18 is as follows :

EARTH DAY CELEBRATIONS

Under the aegis of Environment Club, 'Earth Day' was celebrated with great joy and enthusiasm in the school premises on Friday, 21st April 2017.

To motivate children to plant trees and increase the green cover for a better tomorrow the school staff planted saplings in a special assembly held on 20th April. The Principal sensitized the children to take small simple green steps in order to bring in a positive change for a sustainable planet. She emphasized that each one is a green ambassador hence needs to get involved, act and work to overcome the climate change that is affecting our Mother Earth.

To sensitize the children further and to spread a strong message to change our mind-sets to save our planet Earth, a number of activities like Badge making, Logo making, Mask making, Advertisement writing, Business planning and last but not the least Photography Competitions were conducted for classes VI to XII with great enthusiasm.

A plantation drive was taken up in which 20 perennial plants were planted for greening the campus area.

There is a universal affection, loyalty and respect for the National Flag. Keeping in mind the same, an initiative was taken up to bring in awareness among children of Classes VI-X as a pre Independence activity on 10 Aug, 2017 wherein the different steps involved in respectful disposal of the National Flag were screened through Smart Class.

The 23rd International Day for Preservation of Ozone was celebrated enthusiastically in the school premises on 01 Sep, 17 by organising a number of competitions i.e. Slogan Writing, Poster Making, Painting, Jingle Writing, Mascot Drawing, Article Writing, and Pencil Sketching under the aegis of Ministry of Environment, Forest and Climate Change, Ozone Cell and CBSE.

ASTRONOMY CLUB

- To celebrate the Global Astronomy Month (GAM) - celebrated by Astronomers without Borders (AWB), students were encouraged to participate in the event: Sun Day on 24 April, 2017. Students observed the Sun - our star, with various safe methods to appreciate its presence and importance.

- The Zero Presentation session was held by SPACE on 10 May, 17 to enroll students in Module –I and Module –II for the new session. The session was encouraging and invited a good response from students.

- Twenty students of Classes IX & X were part of an Online interaction with Dr. Madhulika Guhathakurta at 8:30 AM (IST) on 04 May, 2017. Dr. Madhulika Guhathakurta is an American Astrophysicist and scientist with NASA's Heliophysics Science Division. She is the lead Programme Scientist for NASA's Living With a Star initiative and serves as Program Scientist on the Solar Dynamics Observatory (SDO), Van Allen Probes, and Solar Terrestrial Relations Observatory (STEREO) missions. She will also be the program scientist for two upcoming missions: Solar Probe Plus and Solar Orbiter. Students enthusiastically interacted with her.

- SPACE has announced the All India Asteroid Search Campaign-2017 which was one of the most prominent and much awaited projects conducted in collaboration with International Astronomical Search Collaboration, Texas, USA.

- Piyush Sharma (VII) and Purushrut Pandey (VII) were registered to represent the school. AIASC, Phase-II was executed from 16 July to 15 Aug, 2017 for approximately a month. During this time the students could download and analyse the data by themselves on their computers from their home or school and send the reports of their observation to the international coordinators and SPACE.

SPACE in association with IASC (International Astronomical Search Collaboration) conducted the Asteroid Search Campaign across India under Dr. Patrick Miller of Hardin Simmons University, USA under the educational outreach programme.

For 2017, this campaign training workshop was provided by SPACE on 16 July, 17 at DPS, Saket. A team of two students, Piyush Sharma (VII) and Purushrut Pandey (VII), were trained to search asteroids in the Main Belt Asteroid through advanced data analysis and specially designed software-

ASTROMETRICA. Both students have successfully recorded 06 preliminary discoveries so far.

Session-I : Orientation to Space Astronomy Club; Comets and Asteroids was conducted on 24 July, 2017 which provided a hands-on experience of making comets.

Session-II : Astronomer's Tools, A grid in the sky, Creating a Sky Map was conducted on 04 Aug, 2017. Students understood the importance of aids and tools required in astronomy. They were introduced to the SPACE astronomy club kit and all its items. Students were made familiar with the Astronomy Resource Book and the Software DVD. Students learnt to assemble the SPACE launcher 50 MM telescope and learnt to use and maintain it. They realized the use of these items in popularizing astronomy in the community.

- **A session on Astrophotography Level 1: An Introduction to DSLR Camera** was conducted on 25 Aug, 2017. Members understood the fundamentals of photography, variable light photography, practical use of aspects like focal length, shutter speed, ISO, exposure etc. using DSLR cameras.

- Sally Ride Earth Kam is a NASA sponsored educational program which enables participants to request images of their chosen location from a special digital camera mounted on the window of the International Space Station.

Five students of the Astronomy Club attended this program on 17 Sep, 2017 held at Delhi Public World School, Noida Extension.

- **World Space Week**

To celebrate the largest public space event 'World Space Week' from 04 to 10 Oct, 2017 with this year's theme "Exploring New Worlds In The Space", the Astronomy Club organized the following activities in the school :

1. An Inter School Online Painting Competition was conducted for Classes IX – XII.
2. Films on International Space Station were uploaded on Smart Clases for screening to the students of Classes VI-X.
3. An Interschool Online Model Making Competition 'SAT from Trash' was conducted for the students of Classes VI-VIII.
4. Moon Observation –Students used their telescopes to conduct observation of Full Moon and the listed five lunar features – CRATOR PLATO, CRATOR CICHUS, CRATOR ERATOSTHENES, SINUS IRIDUM and CRATOR GASSENDI with friends and neighbours between 05 and 08 Oct, 2017.

A session on Sun (Our daytime Star), was conducted on 06 Oct, 2017 for the Astronomy Club students. Students were familiarized with the features of the sun, learnt about 'space' weather and the impact of solar radiation on earth. Solar observation was carried out using various methods – the 'reflector telescope' using projection and solar filters, solar view goggles, ball projector and pin hole camera.

A Session on Project Paridhi: was conducted on 27 Oct, 2017 for the Astronomy Club students in the school premises.

Understanding the difference between reference and cardinal directions, analyzing the importance of different methods to locate cardinal directions, using gnomon and sun to mark cardinal directions were some salient features of the session. Students understood how scientific pursuits can be attempted by simple experimentation.

Inter School Astro Toon competition under the flagship of SPACE was conducted as a part of the World Space Week -2017 for which the results were announced on 9 Dec,17. Yash Garg (IX) won the second prize in this category.

PROJECT PARIDHI

DATE: 21, Dec, 17 (Winter Solstice)

‘Project Paridhi’ is a science experimentation project by SPACE to popularize hands on science. Under this project the students find out the circumference of the Earth by taking measurements of the shadows made by the sun in a day, as done 2300 years back by astronomer Eratosthenes. They are able to measure it within 2% of the present accepted value. The program at Jantar Mantar was inaugurated by Dr D N Dimri, Director ASI, New Delhi, where in his welcome speech he motivated the students to make use of this opportunity to measure the earth using simple tools. Five students from the Astronomy Club at Jantar Mantar carried out this activity successfully.

The Astronomy Club of the school held its Astronomy Day on 23 Jan, 2018 and exhibited various activities for the students in order to further popularize Astronomy Club in the school.

On January 31, a rare astronomical event combined with three phenomenas was witnessed, A Blue Moon, A Super Moon and a Total Lunar Eclipse were seen to be occurring at the same time after a span of 150 years. Interesting and informative videos prepared by Astronomy Club students were screened through Smart classes for dissemination of information.

SCHOOL SAFETY AND SECURITY

Bal Bharati Public School, Noida takes pride in ensuring a safe and secure environment to all its students. Our school builds a culture of safety with awareness and vigilance along with sensitivity of issues involved. The onus for safety and security of children in school campus lies solely upon the school and we at BBPS, Noida have constituted many committees for procuring a safe and secure environment.

The various committees constituted by the school are :

- 1) POCSO Committee
- 2) Internal Complaint Committee (Sexual Harassment of Women at Work Place)
- 3) School Safety Committee

BBPS Noida Food Court

Home Science students of Class-XI organized the 'BBPS Noida Food Court' on 28 Sep, 2017 as a part of Half Yearly Home Science Practical Examination. During the fiesta, students prepared and presented different delicacies from various states of India which were appreciated by one and all.

ALUMNI ACTIVITIES

The web portal of Alumni Association of Bal Bharati Public School, Noida (<http://alumni.bbbsnoida.com>) was officially launched on 28 July, 2017 by the School Principal Mrs Asha Prabhakar amidst much funfare. So far, 295 Alumni have registered on the portal.

The objective of the Alumni Association is to help the school graduates stay connected to the alma mater, whether it is school events, meeting their teachers or guiding the students, just an excuse to come back to the school for a reunion. The association intends to guide the youngsters in career choices, provide them with internships etc.

As a part of continuous connect, a friendly Basketball match was organized between the alumni and the school team on the school Basketball court on 29 July, 2017. The school team emerged winners and the match helped to create nostalgic moments.

Another Football match was played between the Alumni and the school team on 19 Aug, 2017 and once again the school team emerged as winners.

Some more milestones achieved by the school alumni

Shorya Kapoor: Chef Shorya Kapoor is the youngest bakery expert who has been trained in prestigious institutes in South Korea and Australia. He started his professional bakery career at the age of 20 and has trained more than 500 students during last two years. Now he steps out for bakery skilling centre at Delhi Juvenile Home to discourage teenagers from turning to crime.

Aastha Khanna Thakkar: She is a certified professional make-up artist with Urban Clap based in Delhi/NCR.

Tapan Babbar: He is an independent User Interface Designer based in Delhi. He is the creator of 'Delhi Timeline', a video on Kashmir to Kanyakumari which highlights Nationalism, the need of the hour for the present youth.

Meenal Rawat Taheem: She is the Director at three different Child Care Programs in Edmonton. These programs specialise in early childhood through play and special needs.

The adages 'Rome was not built in a day' and 'slow and steady wins the race' point to an essential attribute of achievement or success, that it takes time and consistent effort. Just as a seed takes time to bloom into a flower, a good thought or action becomes a great achievement only with time. Thus, it is fair to say that achievements are a consequence of a level of perfection reached over time with consistent efforts.

School being a plethora of activities nurtures the children to rise to the zenith of achievement and happiness. We believe that education shapes an individual and every one has that one exceptional ability to make a mark. As a visionary I thank the students for their unquestioning obedience, the staff for their unflinching loyalty and support and the parents for their complete co-operation to take the ownership in achieving the core purpose together. We walk hand in hand to pave the path of the young learners for a brighter tomorrow.

THE OVERRIDING GOAL IS TO ENSURE THE FULL AND INDIVIDUAL DEVELOPMENT OF EVERY CHILD AS A WHOLE PERSON THROUGH THE SIMULTANEOUS REALIZATION OF ACADEMIC, PHYSICAL, CULTURAL AND SPIRITUAL ASPIRATIONS.

On behalf of the entire Bal Bharati Pariwar, I offer my sincere thanks to Shri Anurag Tripathi, Secretary, CBSE for sparing his valuable time to grace the occasion.

I would also like to thank Dr Jitendra Nagpal for having graced the Annual Day function of the school.

On behalf of the entire Bal Bharati, Noida Parivar I take this opportunity of extending heartfelt thanks to Shri L R Channa, Hon'ble President, CES for his inimitable and unprecedented support to the school in its endeavours.

The journey and hunt of excellence in education would not have been practicable without the support and collective efforts of our school Chairman Mr. Nikhil Channa.

I thank Mr. Suraj Prakash, School Secretary, who ensures all efforts are made by the staff to strive for quality lesson being imparted to the students in classroom for their overall development by devising student friendly and student centered paradigms.

I extend my deep gratitude to Dr. V K Ahuja, Vice President, CES for always being a pillar of support. His supportive and caring persona is highly inspirational.

I would like to thank Shri R K Gupta, Secretary, CES for providing valuable guidance and support in all our endeavours.

I would like to convey my deepest gratitude and appreciation to Mr. L V Sehgal, Jt. Sec, CES and Principal, BBPS, GR Unit whose genial smile and positive energy has always touched us profoundly.

I am deeply grateful to my fellow principals for the support they lend to this magnificent institution from time to time.

I also thank the members of the School Managing Committee and distinguished members of the Child Education Society for their constant support and encouragement in achieving higher goals.

The difficult milestones that the school has accomplished in its journey so far would not have been possible without the diligent and result oriented effort by the staff and students of the school. I would like to place on record my personal thanks and deep appreciation of their dedication and sincerity of purpose in keeping the school flag flying high.

My thanks and appreciation are due to the members of the PTA and all the parents who have been extending their cooperation whole heartedly in every possible manner. The School is in a symbiotic relationship with its parents, society at large and therefore with this strength we are in the process of chalking out a road map for the future.

“We continue to focus strongly on how best to equip young people for a world that will be transformed by a technology and globalization”.

Session 2017—18 was hard work – and a pure joy.

To sum up,

जब इरादा बना ही लिया,
ऊँची उड़ानों का,
फिर देखना फ़िज़ूल है,
कद आसमानों का,
जीवन की असली उड़ान अभी बाकी है,
अभी तो नापी है, सिर्फ़ मुट्ठी-भर ज़मीं
अभी तो सारा आसमाँ बाकी है।

Jai Hind !
