

REPORT **World Earth Day -22nd April 2017**

Under the aegis of Environment Club, 'Earth Day' was celebrated with great joy and enthusiasm in the school premises on Friday, 21st April 2017.

To motivate children to plant trees and maintain them the Principal, Mrs Asha Prabhakar, the Vice Principal Mrs Anupma Motwani and HM(Jr) Mrs Vinaya Pujari planted saplings in special assembly held on 20th April. Mrs Asha Prabhakar sensitized the children to take small simple green steps which we all need to take time to time in order to bring a change and a difference to save our planet. She emphasized that each one is a green ambassador hence need to get involved, act and work to overcome the climate change that is affecting our Mother Earth.

To sensitize the children further and to spread a strong message to change our mind-sets to save our planet Earth, number of activities like Badge making, Logo making, Mask making, Advertisement writing, Business planning and last but not the least Picture shoot competitions were conducted for classes VI to XII with great enthusiasm.

Sapling Plantation

Constructive Minds and Creative hands into action- Our 'Green Ambassadors'
