SUMMER HOLIDAY HOMEWORK SESSION 2017-18 CLASS VIII

ENGLISH

1. Read any book (Fiction / Non-Fiction / autobiography) during the holidays. Write a detailed review of the same covering the following points:

About the author, Summary, Critical Appreciation, Character I liked the most, Price and Publishers.

Also make a book jacket of the same and present it neatly alongwith the review.

2. Find out about various literary genres (like Epic, Drama, Autobiography, Satire, Comic Novel etc) on the internet and write a short description of at least five of them, in your English notebooks. Also include examples of each one of them and the famous authors or poets who have made a mark in these genres, eg. An epic (examples are The Ramayana, The Mahabharata, The Iliad, The Odyssey etc)

HINDI

FRENCH

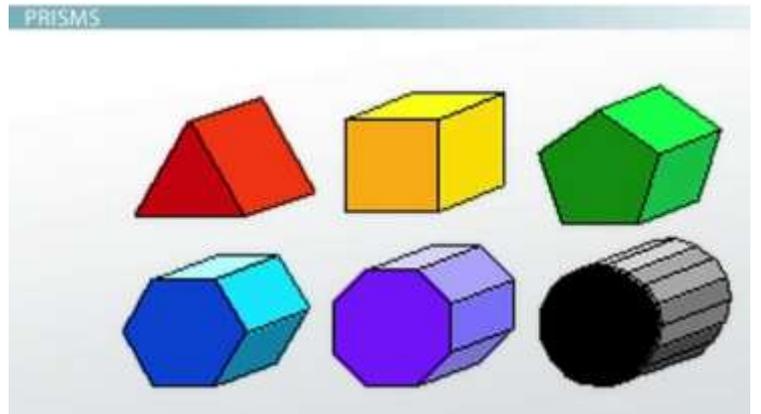

Subject Enrichment Activity (To be assessed in Term-I)

- Q1. Write one page in French every day in your file. (Describe your daily routine during summer vacations)
- Q2. Make a list of types of French cheese, paste their pictures and write information on any 10 of them.
- (To be done in French Notebook)

MATHEMATICS

Activity 1- Different types of polyhedrons have been studied in the class. Students will now create assigned models according to their role numbers:

- **Roll No. 1- 16:** Make 1 model of polyhedron and 1 model of non-polyhedron. Paste it on a card board and be ready to explain the difference between the two.
- **Roll No. 17-32:** Make 1 model of regular polyhedron and 1 model of irregular polyhedron. Paste it on a card board and be ready to explain the difference between the two.
- **Roll No. 33-49:** Make 1 model of convex polyhedron and 1 model of concave polyhedron. Paste it on a card board and be ready to explain the difference between the two.

Activity 2- Learn byheart the first 20 square numbers and first 10 cube numbers.

Activity 3- Complete the April and May assignments in Maths 1 notebook.

Activity 4: Practice the questions from Exemplar from the topics covered in the class.

SCIENCE

Q.1 Make power point presentations (minimum 5 slides) on each of the following topic are by respective groups. Group member in each group divide the topic into sub topics and make individual slides and the group leader should compile into a single file, per topic.

GROUP I (1 to 15)	INDIAN CROPING SYSTEM
GROUP II (16 to 30)	POLLUTION OF WATER AND AIR
GROUP III (31 to 48)	LIGHT (REFLECTION)

Q2. Complete assignment of APRIL and MAY in your notebook.

Q3. WHEN I AM A TINKERER OF SCIENCE! Design your own experiment and feel like a scientist. Choose any topic related to physics/chemistry/ biology/ interdisciplinary science and design an experiment using simple things around to explain laws, principles, phenomenon around us. Student/ Students (2 to 4 in a group) need to prepare a working model and a chart related to the model and would need to present it in the class after the school reopens and it would be evaluated based on criteria given in guideline sheet in syllabus booklet.

SOCIAL SCIENCE

Make a Calendar on any Freedom Fighter during the time period 1905-1947 who helped in India's struggle for Independence. Calendar has to be for this year ie; 2017.

Guidelines to be followed :-

- : The Calendar has to be on Chart paper, Handmade sheets etc.
- : Paste the picture on the above area.
- : On the Right hand side write the contribution of that Freedom Fighter.
- : The Calendar must have a hanging on to it.
- : Use your own creative methods in designing your Calendar of 2017.

INFORMATION TECHNOLOGY

- I) Prepare a powerpoint presentation on the given topic .
Topic : **“Wireless and Cloud technologies”**.

The presentation should have a blend of pictures and text with minimum of 10 slides.

- I) Prepare a webpage using HTML
Topic : Cyber bullying and its Prevention

Note: The above mentioned homework is to be mailed to bbps.evision@gmail.com latest by 01 July '17.
