

Energy conservation Campaign(UPSavesEnergy.com) **(Co-Curricular Activities)** **REPORT**

Under the aegis of Environment Club, the Energy Club members presented an informative and impactful nukkad natak having a theme 'Urjaa Bachao, Desh Badhao' on Tuesday, 24th October 2017 in the school campus. The main Objective was to bring in awareness among students to save energy by practicing green habits and also spread the message in neighbourhood community. A short debate session was conducted for classes VI to X to come out with best options of saving energy.

The school on Wednesday, 25th October organized a special assembly wherein the green ambassadors presented a beautiful talk show on tips to save energy. A pledge was taken to save energy. Under the aegis of Power Finance Corporation Ltd. And Bureau of Energy efficiency(BEE) the students from classes IV to IX participated in Poster making Competition- 'Energy Conservation'. In order to bring in mass awareness the Energy team also made posters on tips to save energy which were displayed on notice boards in school premises.

Various Co-Curricular Activities-Energy Campaign

HT News paper Article

BAL BHARATI PUBLIC SCHOOL, NOIDA
 Bal Bharati Public School, Noida is committed to achieve its goal of minimal consumption and maximum conservation of energy. Being registered with UPSavesEnergy.com has motivated us to document our clean green practices and believe in bringing a difference by taking small but consistent efforts.

Whenever we save energy, we not only save money, we also reduce the demand for such fossil fuels as coal, oil, and natural gas - the primary contributor to global warming and other pollutants. Some of the very useful tips that we practice and follow are using LEDs, using 5star energy efficient gadgets, having well daylight and aerated classrooms to save light consumption and practice keeping gadgets in switch off mode rather than on standby mode. The wires are well insulated and electrical room is inspected on a regular basis by the maintenance department. The school has its energy conservation agenda under the Environment Policy.
