## SUMMER HOLIDAY HOMEWORK

### CLASS III

## THEME- 'ENDANGERED SPECIES'

School is out and summer camps start  
And older people feel younger at heart  
And even at night it's warm and lazy  
If you don't like summer you must be crazy!

Dear Parents,

It's summer vacation time again! Keeping your little ones fruitfully occupied must be an uphill task and the topmost priority in your mind. We have planned some interesting, innovative and creative activities to keep them engaged in fun based learning. Kindly allow them to do the work under your guidance and supervision. Please make sure that your child submits the home-work to the class/subject teacher as per the submission dates suggested.

- All the work is to be done on A-4 size sheets and pasted in the respective notebooks unless otherwise stated.
- Do visit museums, monuments and zoo with your children to help them explore and learn. Encourage them to observe the sign boards and note down the instructions written on them for class discussion.

*Wishing all of you a very enjoyable and fun packed summer break!*

# Tigers

-By Ricky and Jonathon

Please protect me  
I am a poor little tiger  
If you don't hunt me  
I won't hunt you  
The stripes on my body  
The stripes on your jacket  
Man, oh man, what do you want from me?  
All I want is just a little freedom  
think you guys  
don't hunt me  
I am a cute and fluffy animal.

**Q1.** How would you feel if you were the last human being on earth and the animals put you in a cage at a zoo? Write your own imaginary story using these words: Cage, Human, Zoo Keeper, Lion, Extinct, Endangered and Adaptation.

**Q2.** Use the dictionary to answer the following:

Write a word that sounds the same but is spelt differently.

1. See - S \_ \_ \_
2. There - T h \_ \_ \_
3. Right - W \_ \_ \_ \_

- **House Sparrows -- the chirpy, cheerful and charming birds!**

Sparrows are found all over the world, almost everywhere, that humans live. But strangely, their populations have been in decline in many parts of the world, for reasons that are still unclear. In India, sparrows used to be found in great abundance in all our cities, towns and villages; but sadly not any more.

Spend five minutes in your neighbourhood park counting the number of sparrows and note it down. Find out the answers to the following questions and write them in an A-4 sheet. Paste the sheet in your EVS Notebook.

1. Where are sparrows still found in India?
2. Why are they endangered?
3. In which places have they declined the most and the reason for it?
4. What can be done to improve their numbers?

- **The Ganges River dolphin or Susu**, lives in one of the most densely populated regions of the world. One of the main threats to the species is loss of habitat due in large part to the creation of dams and irrigation projects.

Find out the following facts about them –

1. Where are they found?
2. What is their population?
3. What are the reasons for their decline in numbers?
4. What is being done to save them?

Write your findings on A 4 sheets and paste in your EVS Notebook along with the pictures.

# MATHS

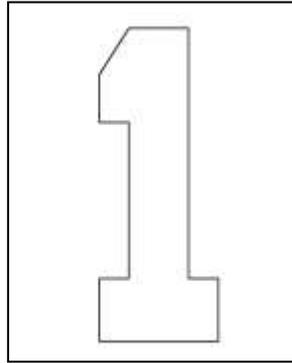

## 1. Number Game

- Cut out 20 rectangles of size 6cmX3cm from any colourful pastel sheet.
- Paste picture of an endangered animal on one side of all 20 cards.
- Write down numbers 0-9 on a white sheet of paper twice.
- Cut them out and paste each one of them on the other side of the cards.

e.g.

Side – 1

Side – 2

Your cards are ready. Using the digits on the cards solve the questions given below –

- Form any four 4-digit even numbers.

---

- Arrange the numbers formed by you in ascending order.

---

- Form any four 4-digit odd numbers.

---

- Arrange these odd numbers in descending order.

---

- Write the largest four digit number and its successor.

---

- Write the smallest four digit number and its predecessor.

---

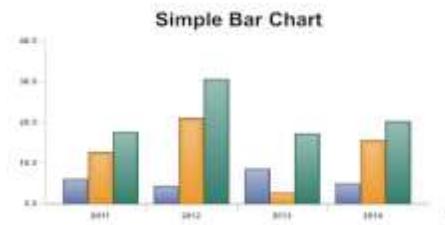

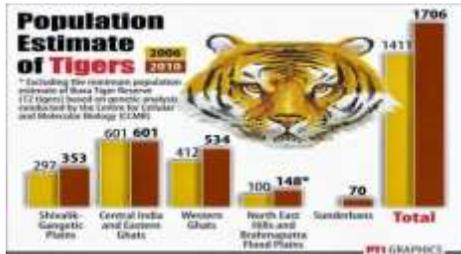

Write down your answers on an A-4 sheet and paste it in your Maths notebook.

2. Try to make pattern of two animals / birds using different 2 D and 3D shapes in it, based on your imagination.

e.g

3. Collect information about the numbers of any two endangered animals in the past 10 years, represent them in the form of a BAR GRAPH and find out if there has been an increase or decrease in their numbers.

### ➤ Reading is Fun –

One is never alone when one is with books. Sitting in your room with your book you could go off to far away places, meet all kinds of people, animals, birds and even fairies. What fun! Reading will teach you many new words. You will write better and speak well. Read books to discover lots of new things!!!

Read 'Black Beauty', 'Charlie and the Chocolate Factory' and at least one story book of your choice during the vacation. Enjoy and have fun!
