

NITI AAYOG – MOCK SESSION REPORT

On 5th August, 2017 students from classes XI-D and XII-D participated in a Niti Aayog mock session held in the Senior Library from 9:30am to 12:30 pm. The main agenda of the session was India Vision 2020: Making India a Developed Nation by 2020. The mock session was organized by Rajdhani.

The basic aim of the mock session was two-fold: Firstly, being not only Political Science students but also citizens of India, we must be aware of our current political scenario. This session dived deeper into contemporary politics and helped students offer various approaches to achieve the national dream of overall development. Secondly, it exposed the students to the internal workings of Niti Aayog. Despite being an ordinary mock session, it showed various students how to take stands and express as a leader of the nation, or a state.

It was a great experience for the students and they acquired loads of information from other fellow students and the Executive Board. The committee met their expectations of inculcating more awareness on current topics of political and social interest. The students hope to attend more mock sessions like these in the near future and advise their fellow schoolmates to indulge in such sessions too.
