### **1 . Content of the Workshop/Seminar-**

The career fair and the symposium was aimed at creating awareness among students about various courses and universities and colleges situated abroad. It gave an opportunity to the students to engage with the representatives of various universities and gather information about the procedures involved in getting admission in them.

The programme helped the students to gain important information about some of the offbeat courses available apart from the regular conventional ones. Some of the sessions focused on unconventional courses such as tourism and hospitality, animation and gaming, film making and acting.

we can hold some workshops on these courses so that all the students can get information about these courses as well as the universities that offer these courses in India and abroad.

### **5. Comments and suggestions (How do you think the workshop/Seminar could have been made more effective?)**

All the breakout sessions were going simultaneously so it was difficult to attend all the sessions.
