

Orientation Report

An orientation program was arranged for the parents of Class I on 17th March 2017, as a first step towards becoming a part of Primary Department at BAL BHARATI PUBLIC SCHOOL, NOIDA.

The Orientation Programme aimed at acquainting the parents with the ethos, curriculum, methodology and new teachers in Class 1. All the teachers shared information about the school policies, text books, uniform, swimming essentials, stipulated bag weight and the importance of visiting school website for essential communication between the school and the parents through an informative power-point presentation.

The physical education trainer, Ms. Rani Negi also provided insights about the requisite of physical training of the students for their overall development. The special educator Ms. Deepali discussed the prominence of health and hygiene of the students. The tiffin, a source of nutrition plays an important role in the performance and attentiveness of every child. She also advised the parents to develop toilet habits among their wards at this early age.

Parents actively participated in the orientation and came up with a lot of queries during the informal session held towards the end of programme. Each and every query was addressed by the class teacher.

The Orientation Programme ended on a good note with parents feeling comfortable with the forthcoming work load and activities for the session 2017-18.
