CLASS-IV

'Nothing is pleasanter than exploring a Library'
– Walter Savage Landor

Dear Parent,

Books are the only 'things' that you buy and grow richer. Reading is essential for a child's success. It enhances their vocabulary, Knowledge and critically aware them about the world. A popular phrase "curling up with books" creates an image of warm and close relationship with the book. Even parents feel satisfied when they see their kids reading books.

Learning to read is a sequential process, each new skill builds on the mastery of previously learned skills. Libraries are important cornerstones of a healthy community. Children needs to develop a habit of not only reading books but also to explore libraries in their vicinity.

In continuation of our endeavour to expose school children to different experiences for their overall development, it is proposed to organize an **Educational Trip to NOIDA PUBLIC LIBRARY** for students of **Class IV** on **10 Sep, 2018**, during school hours. This is indeed a unique opportunity for your ward to engage and entertain through the practical knowledge of library management by visiting it.

Please note that NPL can accommodate only 40 students in a visit. These 40 students will be selected on the basis of interest shown in reading library books.

Last date for submission of consent form is **7 Sep, 2018**.
