

**‘BLOOD DONATION CAMP’**

Dear Parents,

*‘If you are a blood donor you are a hero to someone somewhere who received your gracious gift of life’*

Blood donation is one of the most significant contributions that a person can make towards saving human lives. Of all the charity, the donation of blood is the most sacred as it brings life to someone.

Keeping this samaritan thought in mind, the Interact Club of the school along with the Rotary Club, Noida is conducting a **Blood Donation Camp in the school premises on 05 Aug, 2017 (Saturday) from 08.00 a.m to 12.00 Noon.**

**FACTS ABOUT BLOOD DONATION**

- There is no substitute for human blood. It can only come from generous donors
- More than 38,000 blood donations are needed every day.
- Donating blood is a safe process. A sterile needle is used only once for each donor and then discarded.
- The actual blood donation typically takes less than 10-12 minutes.
- One donation can help save the lives of up to three people.
- If you began donating blood at age 18 and donated every 90 days until you reached 60, you would have donated 30 gallons of blood, potentially helping save more than 500 lives!

*Let us all unite for this noble cause*
