NATIONAL ROAD SAFETY WEEK (04 - 10 FEBRUARY 2019)

India's roads, along with the people who use them, have long been vulnerable, owing to a variety of reasons. But perhaps nothing has played a bigger role than the lack of awareness and violation of traffic rules.

Taking note of this reality, the Interact Club of BBPS, Noida as a part of the National Road Safety Week tried to create public awareness in and around the school with the aim to usher in a new age of change.

Every morning when the students approach the school there is an absolute chaos created by errant drivers crisscrossing lanes, taking U-turns in front of the school, stopping right at the entry gate of the school to drop off children, thereby blocking the entire traffic and leading to unwanted jams and chaos which may prove fatal for the students.

HERE IS SHARING A FEW VIDEOS RECORDED ON 08.02.2019 AT 07.40 AM

We hereby request all the parents and van operators to engage in disciplined driving for the sake of the students.

- Do not change lanes in front of the school.
- Do not stop your vehicle in front of the school gate and block the entry.
- Do not take U-turns in front of the school, it may save you a little amount of fuel but hampers the smooth flow of traffic and leads to jams.
- Do not park vehicles in a haphazard manner.
- Respect the school personnel trying to regulate the traffic.

Please join hands with us to create safe haven for the children and spread awareness about traffic rules and ultimately help in reducing casualties due to indisciplined driving.

Warm Regards,

Asha Prabhakar
(Principal)
