

**COMMEMORATION OF WORLD ASTRONOMY DAY**

Observed on 14th May every year, Astronomy Day is a celebration of our universe and its multiple facets."Under the aegis of CBSE, the Astronomy Club of BBPS, Noida organized various activities to observe this day in the month of July, 2016.

The Primary wing of the Bal Bharati had various competitions like Poster Making for Class 3,Zodiac Constellation Wall Art for Class 4, and Essay writing for Class 5 to enhance thecreativity and knowledge of its students. These activities enabled the students to reflect their classroom education in their writings or models. The celebration contributed in not only making our students aware about theuniverse, but also helped them in developing a rational outlook towards things.
