Circular No.18/2016-17

### **WE MAKE THE WORLD WE LIVE IN AND SHAPE OUR OWN ENVIRONMENT**

Dear All,

• Waste disposal of Plastic bottles is increasingly becoming a challenge, especially in the urban areas. There is indeed a need to reflect on the burning issue such as extensive usage of bottled water, especially **during meetings, conferences and workshops in the backdrop of following environmental concerns.**

- **Nearly all 'single-use' water bottles which are used mostly during large gatherings become "litter".**
- **Bottles used to package water take over 1,000 years to bio-degrade.**
- **These bottles if they are incinerated, produce toxic fumes.**

The staff and students of Bal Bharati Public School, Noida would like to make their own voluntary contributions by adopting the following green and sustainable practices.

#### **We pledge**

- To raise awareness amongst parents and local population about the harmful effects of discarding empty plastic bottles.
- Encourage office Staff, Students and Parent community to use re-fillable water bottles.
- Suggest to participants in workshops/ meetings to reject the use of bottled water and advocate use of refillable water bottles by personal example.
- Conduct activities that require students to recycle/ reuse/ reduce plastic bottle waste in the School Premises.

**LET US MAKE THIS EARTH A BETTER PLACE TO LIVE BY JOINING HANDS.**

Date : 09 June, 2016
