

## A REPORT ON EDUCATIONAL TRIP TO NATIONAL AGRICULTURAL MUSEUM, NEW DELHI

A group of **180 students** of class VI visited the National Agricultural Science Museum (NASM), situated in the National Agricultural Science Centre campus of ICAR in New Delhi on **12/8/14 & 13/8/14** as a part of their Formative Major Activity-II in science.

The museum has 150 exhibits which are displayed in 10 major sections viz. Six Pillars of Agriculture, Agriculture in Prehistoric Era, Indus Valley Civilization, Vedic & Post Vedic Era, Sultanat & Mughal Era, Advent of British, Advancement of agricultural sciences in Independent India, Global Issues related to Agriculture, Towards a Food-Secure Future, and Children's Section. A worksheet was prepared on the basis of facts and figures available there for concept mapping of children. This trip made learning easy, full of fun and was also a joyful experience for the children which will be imprinted in the memory of the children for long.
