

REPORT ON WORKSHOP

TOPIC: POWERING THE FUTURE - Animation Studies through ICT

DATE: 14 DECEMBER 2015

RESOURCE PERSON: VINOD A. AND SHARAVAN KUMAR

VENUE: BBPS TRAINING CENTRE

MEMBERS ATTENDED: M. GULATI (T.G.T.-COMPUTER SCIENCE)

JITENDRA M. PANT (PROGRAMMER)

“Powering the future- Animation Studies through ICT” workshop was conducted by Aniguru Animation Pvt. Ltd. The workshop was based on Animation studies and it was divided into two sessions.

The first session was a PPT presentation which explained the programme. The implementation process of the Animation program – FLIPBOOM was shown using some Animation projects.

Flipboom is an Animation program for students at Primary level.

Hands on experience was given to the participants for creating an Animation using Flipboom templates.

Second session was introduction to ICT and use of ICT program for teaching computers for classes VI to X collaborated with the corresponding activity and evaluation of LMS. The content modules were also discussed with its credentials

The workshop was an enriching one but a similar software is being used for primary classes in our school. Software was meant for teaching only computer science (VI-X).
