

REPORT ON SPEAKATHON BAL SABHA ACTIVITY (CLASSES IV AND V)

The beginning of new academic year saw the Bal Sabha Activity of Speakathon on 12 April 2016 based on the theme of "Baisakhi: A Thanks Giving Harvest Festival". A joyous festival filled with fulfilled hopes of abundant crop and prayers for the same, a celebration of riotous colours of Phulkari and vivacious Bhangra and Gidda dances, Baisakhi gave an opportune and apt theme for this activity aimed at knowing each other better.

If Baisakhi is near can Bhangra be far behind...?

This activity was in the nature of ice-breaker which provided a backdrop for students to get acquainted with their fellow students in the new academic year. Together, they explored the given theme and the joy of this festival quickly permeated their presentations.

The students of classes IV and V were grouped into teams of 6 and each team made a lively presentation on the given theme, apart from introducing the team members. The presentations saw students sharing interesting facts about Baisakhi through speech, acts and dances and also interesting use of props. The activity helped them know each other and about our robust and rich cultural heritage. This being an ice-breaking activity, was non-competitive in nature but the students did not miss the opportunity to give it their best shot.
