**Excursion to AGRA**

CLASSES –III, IV and V

Date: 16th Mar.2015

***“People without the knowledge of their past history, origin  
and culture are like trees without roots.”***

**SPLENDOUR OF TAJ**

**WALKING OUT OF THE RED FORT**

Every age has its story to tell – Agra the Taj City has a wonderful count of splendid Mughal Era buildings with amazing legends to narrate. A one day guided tour to Agra was organized on 16th Mar.2015 for the students of classes III, IV and V to explore the art and architecture of the Mughal period. The excursion started early in the morning with great enthusiasm in the kids. The first excitement was the great Taj Mahal – a mausoleum in the memory of beloved wife of emperor Shahjahan on the banks of river Yamuna. The students showed great interest in the architecture of the TAJMAHAL. The symmetry, pillars with optical illusions and many more such facts left the children awestruck. Students were then taken to Agra Fort to have a glance into the living styles of the great Mughal Emperors. The view of the Taj Mahal from Agra Fort was mesmerizing. The sumptuous lunch was followed by the visit to Fatehpur Sikri. The beautiful palaces of the queens of King Akbar, their architecture highlights their social, recreational, political and royal life. The tomb of Sufi saint Salim Chishti and Buland Darwaza were few more excitements of the visit. This wonderful trip could connect the students to our rich and glorious heritage.
