REPORT ON INTEGRATED PROJECT SITE VISIT TO ZOO

DATE: 4 November, 2015

An educational trip to the National Zoological Park was organized for the students of class III on 4th November, 2015 to promote awareness and to expose the children to the world of amazing animals and birds. The National Zoological Park has more than 2000 species of birds and animals living in an environment that in many ways resembles their natural habitat. A group of 150 students was accompanied by 6 teachers and a sahayika. They witnessed a wide range of animals and were fascinated by the beauty of the nature.

The students enthusiastically observed the majestic animals and birds like Asiatic Lion, Gaur, White Tiger, royal Bengal Tiger, Ostrich, Pelicans, Sloth Bear and Elephants. They were delighted to see wide varieties of flora and fauna. The excursion proved out to be an outdoor classroom for the students as they were able to accommodate and assimilate knowledge.
