### **REPORT ON HOME SCIENCE WORKSHOP**

**EVENT:** - Book launch and workshop for Home Science Teachers

**Date:** 15<sup>th</sup> September, 2015

**TIME:** 9:00 A.M. to 2:00 P.M.

**ORGANISED BY:** Luxmi Publication

**VENUE:** St. Thomas School, Mandir Marg, New Delhi.

A workshop on “Setting Standards: Developing quality HOTS questions” by **Dr. H.R. Srivastava** (former Dean Measurement and Evaluation, NCERT ) was organized by Luxmi Publications for Home Science teachers on **15<sup>th</sup> September, 2015** at **St. Thomas School**, Mandir Marg, New Delhi. Followed by a launch event of - **Comprehensive Text book of Home Science** ( authored by Mrs. Anju Chauhan) chaired by **Dr. Kailash Khanna**( former reader, Lady Irwin College)

- Many Home Science teachers from schools of Delhi and NCR attended the workshop.
- Dr. H.R. Srivastava cleared our doubts related to the grading process of skill based activities, Bloom’s Taxonomy and Applied questions.
- He emphasised that we should teach children to make them the subject of education and not merely an object of education. So that they themselves explore and learn.
- A child should not remain a passive listener but a explorer, adventurer and discoverer.
- He taught us the basic difference between Knowledge, Understanding and Application based questions.

It was a highly motivating workshop, where we Home Science teachers got a chance to interact with a learned and renowned person. The faculty patiently cleared all our confusions related to the theory and practical.

The workshop ended with a lunch organized by the Luxmi Publications. It was an honor cum pleasure to attend this workshop.
