## BAL SABHA ACTIVITY

### Report on Inter-House competition of Movie-Making (CLASSES IV and V)

Education is to be understood in broad terms involving theory, practice, innovation and creativity and continually evolving IT scenario affords many opportunities to this end. In order to make students aware of such possibilities, a Bal Sabha activity was organized on 20 Dec 2017 where students had to prepare a movie/video using **Windows Movie Maker**. This software is a part of Windows Essentials software suite and offers the ability to create and edit videos as well as to publish them online.

Teams from each house, consisting of two members (one each from Classes IV and V) were given a collection of photographs. They prepared a movie using the same software in the given time of one hour. The enthusiastic participation of the students in this activity was commendable.
