'Hasya Kavita' was a group activity. Class Teachers selected a humorous short poem in Hindi and helped the children to learn the same. Children recited the poems in rhythm, along with actions and complete synchronization.

The poetry was a pack of emotional punch that created a wave of giggles and smiles, which spread all through the day in the class. The words of the poem came alive with the enthusiastic participation, passion and vocal expression of the children. An additional bonus was that learners gained confidence in public speaking skills.

Learning Outcome:

- Enhanced usage of Hindi.
- Enhanced phonological awareness.
- Enhanced emotional development and group feeling.
