

BAL BHARATI PUBLIC SCHOOL, NOIDA

A VISIT TO THE CRAFT MUSEUM, NEW DELHI

DATE: 05/11/15

The students of class 2 visited the Craft Museum, New Delhi on 5th November 2015 along with their teachers. It was a day trip for 137 students to see, explore and learn about the craft techniques and traditions.

Several traditional craftsmen at the museum, from different states such as Rajasthan, Assam, Arunachal Pradesh, and Kashmir etc displayed their arte crafts. They were seen working in a designated area within the museum complex, and were also selling the fascinating crafts that they created.

The students also viewed a complete village complex, a sneak peep into the surroundings from different states of India with items of day- to- day life displayed.

The experience was educative, uplifting and enjoyable for the students.

At the museum

Enjoyment at its peak

A snapshot near the stalls

Enjoying the potter's wheel

Display of stall from Assam

Viewing the arty facts
