## WORKSHOP ON CYBER CRIME

Dear Parents,

The Internet is without a doubt one of the best resources available to us. Unfortunately, it's also extremely dangerous one if you aren't aware of who and what lurks behind the scenes. Everyone should know how to be safe when surfing the web, but internet safety tips and tricks are spread out all over the web without a go-to resource. Since the majority of internet scam and virus victims are students and young people, the Centre for Development of Advanced Computing (C-DAC) a premier R&D organization of the Ministry of Electronics and Information Technology, organizes cyber safety workshops time to time to create awareness in different school across Delhi NCR.

Cyber Crime and Online Safety is a serious concern in today's scenario. Keeping this in mind the school is organizing a workshop on **Cybercrime and Online Safety** to spread awareness among the students and parents in association with **Centre for Development of Advanced Computing (C-DAC)**.
