**PP - CONSTRUCTION OF 3D VEHICLE**  
**DATE: 17.11.2021**  
**CLASSES: PRE SCHOOL & PRE-PRIMARY**  
**VENUE: VIRTUAL CLASSROOM**

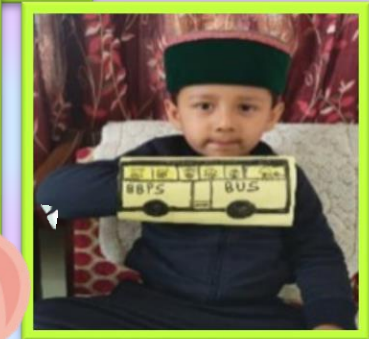

Transportation is an essential part of everyday life. Talking about transport not only teaches children about what different vehicles are for and how they work, but other important concepts such as safety when riding in a vehicle or walking.

The children of PS were engaged in tearing and pasting activity in a picture of boat. The young buds enthusiastically completed their vibrant boats sailing in water over the blue sky and clouds.

In contrast, the children of PP created a 3D model of a car using waste cardboard boxes. They created their own versions of the vehicle which were super original and attractive.
