AI4YOUTH VIRTUAL SYMPOSIUM

It gives us immense pleasure to share that **Aaditya Kartikeya (X)** of **Bal Bharati Public School, Noida** was selected to go through an extensive AI learning journey and virtual mentorship camp in July, 2020. He has come up with an AI-enabled social-impact solution.

Taking this forward, CBSE in collaboration with Intel has organized a one-of-a-kind AI For Youth Virtual Symposium open for every AI enthusiast to be a part of the revolutionary AI Readiness journey of India. It is a moment of great pride that Aditya has been shortlisted to showcase his AI-powered innovation to the whole world under this Symposium. The symposium will be a platform for AI enthusiasts to learn about the AI readiness skills, gain insights about emerging technologies from global thought leaders and witness AI social impact projects created by students.
