

## **REPORT OF TRAINING COE - NOIDA**

**DATE:** 3<sup>rd</sup> October 2020, Saturday

**TIME:** 4:00 p.m. – 5.00 p.m.

**RESOURCE PERSON:** Ms Swapna Nair,  
Arwachin International School, Delhi

**ATTENDED BY:** Ms Rachna Sondhi

**AGENDA :** ICT Integration in Teaching of English-Classes XI & XII

### **Content of the Workshop/Seminar**

The online one-hour training session enabled teachers to learn how technology can make teaching easy and interesting. The various types of digital learning – methods, tools and techniques were discussed. A PPT on the various software programmes that could be integrated to make learning more interesting and impactful, was presented. Ms Swapna Nair emphasized the importance of Digital content to enhance the learning outcomes.

### **1. Learning outcomes (Knowledge and Information) from the workshop/Seminar?**

ICT in the classroom can provide a wide array of powerful tools that can help transform an isolated teacher- centred and text book bound classroom into a student focussed, interactive and knowledge-oriented learning centre. When innovative techniques are used to enhance the learning experience there is more transparency, less paperwork and fewer errors. It also engages the children better, links the outside world to the class and brings about positive cooperative learning.

### **2.Which topics or aspects of the Workshop/Seminar did you find most interesting or useful and can be applied to the classroom teaching?**

Discussion pertaining to the different apps and tools that can be used in the class to facilitate the learning process and enhance 21<sup>st</sup> century skill, was noteworthy. It would enable children to become capable IT users, information seekers, problem solvers, decision makers and great communicators.

### **3.How will you implement the knowledge & techniques acquired to your subject?**

ICT tools and applications could be easily used in an English classroom. Examples of the same are- Multimedia PC, Laptop, Notebook, Digital Libraries, e- books, electronic publications, Microsoft publishing- newsletter, posters, brochures etc.

#### 4. Comments and suggestions (How do you think the workshop/Seminar could have been made more effective?)

It would have been more effective if teachers could have been trained on the usage of some applications rather than informing about the countless tools and applications available online. Information on a selected few that could be used for best results would have been highly appreciated by all.

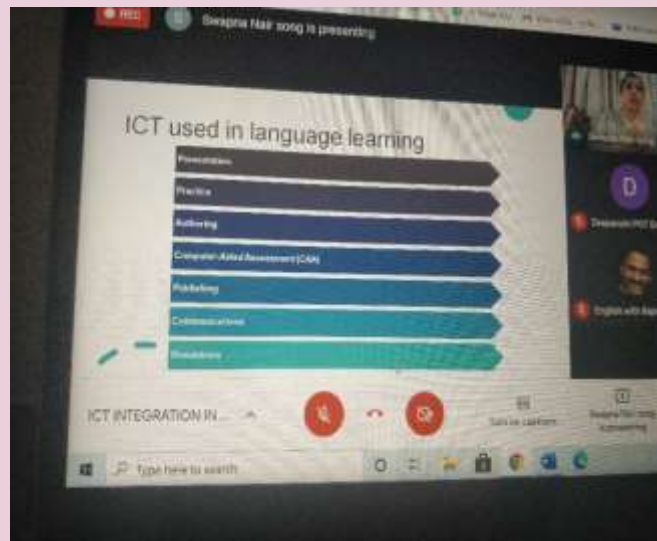

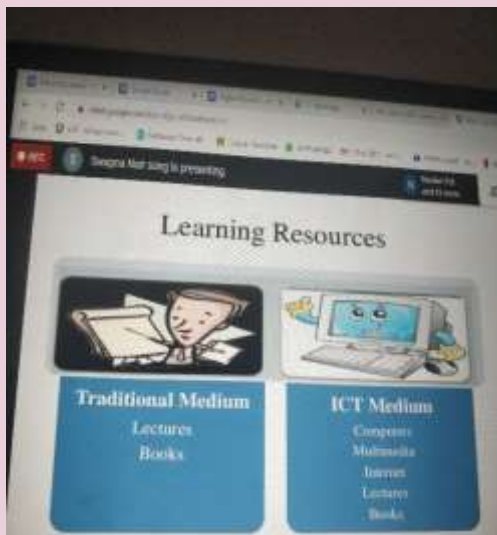

#### 5. Was the advance briefing about the workshop/Seminar appropriate?

Yes, it was appropriate.

##### GENERAL FEEDBACK

YES NO NOT SURE

- The workshop/Seminar was applicable to my job ✓
- I will recommend this workshop/Seminar for other faculty members. ✓
- The program was well paced within the allotted time ✓
- The material was presented in an organized manner ✓
- The resource person was a good communicator ✓
- The resource person was knowledgeable on the topic ✓
- I would be interested in attending a follow-up, more advanced workshop / Seminar on this same subject ✓
- I will be able to conduct follow up workshop for the benefit of fellow Staff Members ✓

**Some glimpses of the workshop**
