Kidz CINEMA 2020

(20 - 22 NOVEMBER 2020)

"The children of today will make the India of tomorrow. The way we bring them up will determine the future of the country,"

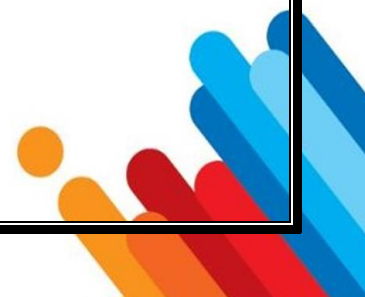

INTRODUCTION: Children are the future of the nation and the citizens of tomorrow. They are the most promising, potent, and motivating population and can change the future of mankind. Thus, to spread awareness about improving children's welfare and to reduce atrocities and abuses against children's "World Children's day" is observed every year on 20 November.

COVID-19 has brought the world to a halt, and the impact of the pandemic is severely felt by children. With parks and playgrounds closed, fun, outings,

and socialising with friends coming to a standstill, students have been confined indoors, and the physical entertainment has moved to digital.

Hence, the theme of the festival “**Togetherness in Distancing Times**”, which also upholds the objective of **Universal Children's Day**, helps in promoting the international togetherness.
