It's winter vacation, give it a loud cheer,  
School is done for the rest of the year!

Our cold nights get longer, and our fingers get numb!

There's a lot to do and learn, during this Winter Season.

Let's all welcome the New Year of 2018,

With lots of sparkle and sheen!!!!

### ❖ A bucket list for all to do as we usher in the New Year:-

- “Joy of Giving”- Donate old toys/clothes to someone who may need them more than you.
- Plant a seed, water it and see it grow.
- Feed the bird visitors to your house.
- Meet your loved ones.
- Follow a balanced diet and stay healthy.
- Make a routine to go for a short walk along with some guardian.
- Do simple exercises/yoga daily.
- Soak yourself in sunshine and feel the warmth.
- Read pictorial story books in English and Hindi.

- 
- To enhance the communication skills practice the questionnaire given in the syllabus booklet.
  - Practice reading and writing three letter vowel centre words and phonogram ( sh, ch, oo, ee ) words.

❖ **Project Based Learning:**

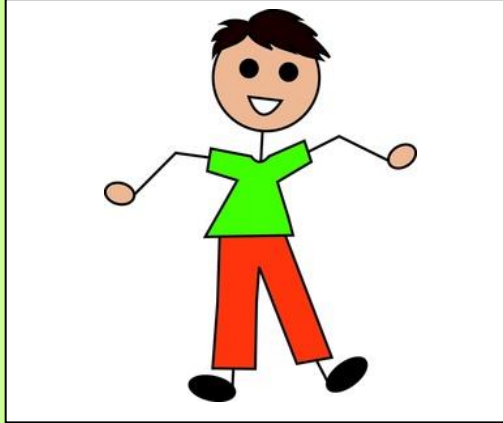

- Create your very own “*Story Book*”

Make a simple story using three /four letter words. Create a story book in both the languages with pictures and single line story sequence on each leaf. The story book should have maximum five leaves. Writing, drawing and colouring work is to be done by the child. Samples are provided for reference ONLY.
