## M E S S A G E

### *Heartiest Congratulations !!!*

For a School Principal, it is a matter of pride to have a very sincere and dedicated team. At the outset, 'Thank You' staff for being a valuable asset to the school.

It was evident from the presentation of 'MY FAIR LADY' the 13<sup>th</sup> Annual English Production, that the school over the years has climbed many notches in the field of theatre. I do appreciate that the entire gamut of different areas of a theatre production has been taken care of by our own teachers, and still the play was comparable to a production by professionals.

Heartiest congratulations to the Director of the play, Ms Rachna Sondhi and members of the English Department on a production executed so well. Also an excellent effort for which I congratulate the Performing Arts / IT Department, the student artists and the ever available support staff for presenting such an enjoyable and enthralling play. The entire star cast stole away our hearts.

The release of our Annual Journal 'SAGARIKA' and the exceptional quality work delivered by the Editorial team is highly inspiring and motivating.

On behalf of the School management and my own self, I thank you all once again for your flawless work ethics.

Date : 29 July, 2019
