

**DEPARTMENT: PRIMARY**  
**REPORT ON VIRTUAL TOUR OF SYDNEY OPERA HOUSE**

**DATE: 22 March, 2016**

In a futuristic attempt to bring the world to our classrooms, a virtual tour of the Sydney Opera House was organized on March 22, 2016 (in the school premises) as part of the Australia-India Bridge Partnership Project. Students of class IV and V got the opportunity to witness the live tour of the majestic Australian monument along with HM (Primary) and other teachers in attendance.

The session (using Zoom) was an informed back-stage tour of the monument where the team guided us through the several aspects of history, architecture, culture and artistic genres attached to the monument. The students were active and enthusiastic audience throughout the session. It proved out to be an opportunity of international exposure, interaction and experiential learning. They got a trans- Indian, socio-cultural insight into the Australian wonder as they also got their queries satiated towards the end.

The entire virtual tour program is one step ahead in the direction of BBPS' vision of making its students first class world citizens by providing an international dimension to their worldview.

*Glimpses of the tour*

*Tete-a-tete with our guide, Alex*

*Picturesque Sydney Opera House*

*Backstage... a glimpse!!!*

*The engrossed audience..*
