

"One of the most important things you can do on this earth is to let people know they are not alone."

Dear Parents,

Last week floods swept across northern and north eastern India.. In Bihar and Assam the floods have displaced more than 3 million people...who lost their homes, livestock, agricultural land, infrastructure, everything. The situation is worsening and together we need to stand up to the natural calamity. There is every possibility that vector borne diseases will result in epidemics in the flood inundated areas.

Bal Bharati Public School, Noida has joined hands with **Goonj** to respond to the flood affected people in Assam and Bihar. We all must contribute in every possible way to do our bit.
