RUBIK'S CUBE CLUB **CLASSES : I - V**

"The more we give importance to skill development, the more competent will be our youth."

- Narendra Modi (Prime Minister)

Dear Parents,

Warm Greetings,

With great sense of achievement, we wish to share with you all that our maiden effort of running Rubik's Cube Club for primary wing students got an overwhelming response from the parents and the students alike. Students from classes I to V showed keen interest in acquiring the skills to solve the Rubik's Cube. Watching a five-year-old solving and finishing the complete cube in 60 seconds speaks volumes about their dedication, attention span and problem-solving skills.

In the session **2019-20**, the much-awaited Rubik's cube Challenge was announced under two categories –

Category I Classes I – II (criterion being solving the complete cube)
(22 students qualified for the Final)

Category II Classes III – V (One-minute challenge)
(61 students qualified for the Final)

"PRACTICE MAKES A STUDENT PERFECT". To ensure that our little ones' interest in solving the cube remains mentally aroused during this unforeseen break we would like you to encourage them to join the fresh batch of RUBIK'S CUBE CLUB to learn and improve their prowess in solving the Cube. Best videos would be shared in the class broadcast groups.
