Circular No. 35/2019-20

Date: Jul 25, 2019

RUBIK'S CUBE CLUB

CLASS : I-V

"If you are curious, you'll find the puzzles around you. If you are determined, you will solve them."

-Erno Rubik

Dear Parent,

Rubik's Cube activity was introduced in the session 2016-17 for primary classes as part of Mathematics curriculum. It is a great exercise for the brain as it improves eye-hand coordination, general concentration, problem-solving ability, short-term memory and spatial awareness. It gives exposure to algorithms and approach to mental programming and improves overall cognitive skills.

Since its introduction, a keen interest has been observed amongst the student community to learn and master the art to solve it as quickly as possible. In the session 2018-19, nearly 200 students took part in the competition at various stages. The top ten finalists of **Rubik's cube championship** could solve the complete **cube in less than 1 minute**. Looking at this overwhelming response, it was decided to hone their skill further by introducing **Rubik's Cube Club**.

The Rubik's Cube Club will be introduced for the students of classes I to V wherein specially hired professional will give training to the students for solving different types of cubes. The timings for the club will be 8 am to 10 am on every 1st and 3rd Saturday of every month w.e.f. August 2019 till March 2020.

- **Club Fee for the session 2019-20 is ₹ 2500 per student.**

Rubik's cube championship 2019 -20 will be organised in the month of November 2019. A detailed circular will follow.

The Rubik's Cube Champions will be awarded a **letter of appreciation and prize** on the Annual Function. It's our proud privilege to request parents to extend their full cooperation in this effort to provide a wholesome learning experience to their wards.
