

SCHEDULE OF REMEDIAL CLASSES
(FOR CLASS X)

Dear Parent,

The school is organizing remedial classes for students of Class X to be held on Saturdays with immediate effect. The objective of these classes is to provide extra guidance and support to students and help them achieve better learning outcomes by bridging their learning gaps and providing them with individual attention. The individualized teaching of students who are experiencing difficulties in specific subject areas is of prime importance at this point of time.

Since the results of Online exams are not reliable and realistic, a list of students who would be attending the Remedial Classes has been prepared based upon the subject teachers' feedback and performance of students in school based Class IX exams.
