## ENVIRONMENT CLUB

### PRESERVATION OF THE OZONE LAYER - AWARENESS ACTIVITY

(Under the aegis of Science and Environment Club)

*'Caring for all life, under the sun'*

Dear Parents,

We live in an environment affected by Pollution. 'Ozone layer Depletion' is one of the most feared aspect of pollution of the Earth's stratosphere.

(The ozone layer, a fragile shield of gas, protects the Earth from the harmful portion of the sun's rays-Ultraviolet Rays, thus helping to preserve life on the planet. According to the World Bank estimates, diseases attributable to ozone depletion are about 3 lakh cases of skin cancer annually, loss of various plants from terrestrial and aquatic habitats).

**The United Nations' International Day for the Preservation of the Ozone Layer is celebrated on 16<sup>th</sup> September every year**, to create awareness on topics related to climate change and Ozone Depletion

With an aim of spreading awareness about Ozone Layer, under the aegis of Science and Environment Club of the school, Preservation of the Ozone Layer Day-Awareness Activity would be observed on **20<sup>th</sup> September, 2018.**

To take this objective forward amongst the student community, the following activities will be conducted during **zero period** in the school as per the schedule given below:

S NO	EVENTS	DATE	TIME DURATION	CLASS	ACTIVITY	ACTION
1	Audio-Video Show	17,18,19, 20 Sep, 2018	08.05 – 08.15 a.m.	III & IV	A presentation of the Ozone Layer functioning and protection	Class Teachers
2	Worksheet Session	20.09.18	08.15 – 08.25 a.m.	III & IV	A worksheet questionnaire for students to practice and learn	Class Teachers
3	Poster Making	20.09.18	08.25 – 08.50 a.m.	III & IV	An interactive exercise of students making posters relevant to the learning acquired during the above sessions	Class Teachers

Best poster will be uploaded on the school website and will be rewarded by the School Authority.

Let's make this awareness activity a success and spread the importance & purpose of Ozone Layer Preservation.
