Date :16 Apr, 2019

ASSIGNMENT BOOKLETS FOR CLASSES I TO V

Dear Parents,

The school embarks on the mission of redefining learning by emphasizing on quality of education and providing the students with a comprehensive academic curriculum, supported by a system of instructions that encourages logical thought process and reasoning.

To fulfill the desired goal, the **Primary Department** has taken an initiative in this direction and designed **Assignment Booklets** for **Classes I to V**. Earlier the school was providing one worksheet every month but for the session **2019-2020** a set of researched worksheets has been crafted based on **NCF Guidelines and Learning Outcomes**. In addition to this, it would be much easier for our children to handle the compiled booklet rather than loose worksheets.

We hope students will make effective use of this assignment booklet to enhance their academic performance.

You are requested to submit **Rs.150/-** towards the cost of the assignment booklet for the session 2019-2020.
