Circular No.48/2020-21   Date: 17 Nov, 2020

CELEBRATING NATIONAL LIBRARY WEEK (14 NOV. – 20 NOV. 2020)

"LIBRARIES INSPIRE US TO EXPLORE, DREAM AND ACHIEVE"

Since 1968, Indian Library Association (ILA) declared that 14th to 20th November will be celebrated as National Library week all over India. This year's theme for the week is "Find your place at the library". Due to the current scenario, libraries are temporarily closed, but you can still find your place there, since all good libraries are readily providing virtual services and digital content.

1. **Visit your library [online]**

    While our library is temporarily closed due the current public health crisis, it's a great time to explore the many digital resources we provide. The school library created a readers' group christened 'CARPE DIEM' using the Microsoft platform KAIZALA. The digital library shares the daily newspapers, periodicals, books of varied interest and other important literature much needed for the overall development of our students. It even includes stories and information on Online Story Telling Sessions.

2. **I Love My Library**

    The future ready library: Write a note on what are the features that you would like to see in your school library.

3. **Say "Thank You Libraries" on social media**

    Celebrate National Library Week 2020 by sharing what you love about the virtual services available at your library. Share it on the mail id **abha.bhardwaj@nd.balbharati.org** about an e-book, audiobook, virtual story time or reading club, or how your library has made a difference while you've been social distancing at home. We will gather all the entries and a few selected entries would be uploaded on our school's Facebook page.

4. **Add our National Library Week frame to your Facebook profile picture**

    Show your support for libraries by adding our National Library Week frame to your Facebook profile picture and share it with us.
