Circular No. 32/2016-17

Date: 03 August 2016

Dear Parents,

SUPPORT AGAINST CHILD LABOUR!

(An Initiative by Bal Bharati Public School, Noida)

- India is home to the highest number of child labourers. Though Census figures states 12.6 million child labourers, NGOs claim 60 million child labourers. Of them, several are engaged in hazardous labour. **Although the Constitution guarantees free and compulsory education under the Right to Education Act, 2009, to children between the age of 6 to 14 and prohibits employment of children younger than 14 in any hazardous environment, child labour is present in almost all sectors of the Indian economy.** They work in several unorganized sectors like zari weaving, hotel, dhabas and homes besides, factories like brass industry, fire factory, lock making etc. This astonishing fact demands our collective responsibility to stop this evil practice in our society.
- Millions of children who are condemned to lives of drudgery, exploitation and untold misery, need the support of each one of you to free them from the shackles of child labour.
- This is an appeal by Bal Bharati Public School Noida to get involved in the **Anti Child Labour Campaign** initiated by the school by taking a pledge and giving in your consent by participating in the **Signature Campaign** initiated by the students and staff of the school to stop this heinous crime.
- The signature wall/board has been placed at the entry point of Montessori Wing for seeking support from the parents and be a part of this social campaign.
- Let's all pledge to stop employing children in our homes and not support any form of child labour. These small steps may become the ladder to a better tomorrow for the ones deprived.

“LIFE OF LITTLE ONES ARE DESTROYED, WHEN CHILD LABOUR IS EMPLOYED.

THEY CAN'T REACH YOU, BUT YOU CAN”

Asha Prabhakar
