CLASS-IV

Co-curriculum activities are inseparable parts of today's education. It is the need of the hour to keep the young minds engaged in creativity and analysis.

These activities build up the confidence and thought level of the youngsters specially during the time of lockdown when brainstorming is being enjoyed by our young and vibrant students of Bal Bharati Noida.

It was a wonderful platform for the children to showcase their talent through learning how to make a globe through Papier Mache. The students participated enthusiastically and shared their work in form of photographs. They made a globe using the material easily available and under adult supervision.
