

BAL SABHA ACTIVITY **REPORT ON POSTER MAKING - INTER SECTION (CLASS V)**

"In every walk with nature one receives far more than he seeks." —John Muir.

Earth is our home that deserves to be protected, celebrated and loved every single day. We, as the residents of this beautiful paradise, need to ensure its safety and contribute towards keeping it clean. To honour our planet and to keep up its health and condition, Earth Day is celebrated on 22 April every year since 1970.

This year marks the 50th anniversary of Earth Day and it was celebrated digitally. Our goal was to mobilize the world to take the most meaningful actions to make a difference.

While the coronavirus may have forced us to keep our distance, it couldn't force us to keep our voices down. We were apart, but through the power of digital media, we're also more connected than ever. On April 22, the students of Bal Bharati Public School came together and creatively voiced their contribution by drawing posters. Through the posters made by Bal Bharatians, it is proved that no matter where you are, you can make a difference.
