

Bal Sabha Activity (2020-2021)

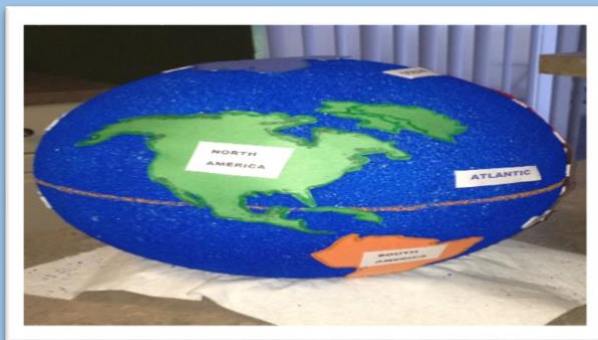

Classes: IV & V

Igniting student's curiosity and inspiring them to reimagine learning in form of an activity.

Knowing our planet through a spherical model of Earth is called GLOBE and it will be captivating to utilize the time at home to create a modal of Earth under supervision.

Instructions:

1. In this activity children will enhance their artistic skills and learn the making of a 3-D globe using papier Mache.
2. Material Required: Old Ball/Balloon, old newspaper, glue/fevicol, water, Blue pastel colour and different colour paper to mark different continents.
3. Students will complete this interesting activity in their leisure time with things easily available at home with encouragement and guidance of parents.
4. The material required should be kept ready before starting the activity.
5. Hope this mesmerizing activity not only gives you an opportunity to enjoy but you will never forget the continents.
6. After completion of the activity, kindly take a picture and share with your class teacher through WhatsApp.
