Science Symposium was an Inter house activity conducted on 04.05.19 during Bal Sabha Periods.

In the given activity, each house was represented by a group of three students-2 speaker and 1-interjector. Each group was given a topic through draw of lot. Topics were the type of detergents present in household cleansing agents like toothpaste, dishwasher and shampoo & hair conditioner. Students were supposed to explain the given detergent in respect of its composition, impact on environment and social relevance. Each team explained the topic with extensive research. All the houses performed exceptionally well and represented the activity in a beautiful manner.

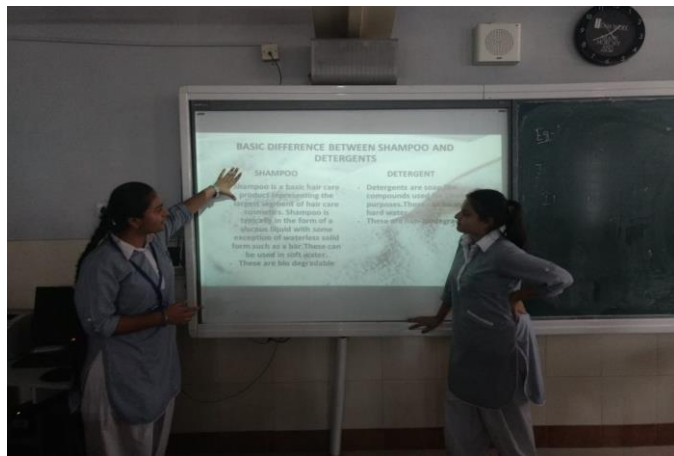

It was judged by Ms. Anupama Motwani (Vice Principal)who appreciated the efforts put by all the participants.
