Ms. Meetu T	Revision Recursion in Python	Youtube link on Recursion uploaded. https://classroom.google.com/u/0/c/NTc2MDkzMzkyNjda/m/OTIxNDY1MTUyNTda/details	Practice test using google form on Functions in Python. https://classroom.google.com/u/0/c/NTc2MDkzMzkyNjda/a/MTM0MDIzNTgyMTYz/details	Chapter Notes https://classroom.google.com/u/0/c/NTc2MDkzMzkyNjda/m/NTc2MDk5NDUyMDFa/details
MATHEMATICS Mr. Sanjay Dua	Basic concept of derivative of a function. Chain rule . derivatives of implicit functions, inverse trigonometric functions, log functions.	Solution of relation and function Assignment on derivatives.	Oral assessment during online class is conducted	Sharing of soft copy of differentiability.(ncert) and additional questions using google meet. Sharing and explanation of solution of ncert questions along with extra questions.(Hand written)

Feedback Received

Online classes are becoming more and more effective day by day as we all are able to grasp the concepts taught. The overall results are very good and teachers are helping us in every way they possibly could. I would like to thank all our teachers, as they are working very hard to teach us as this is a new experience for them too.

Arnav Shekhar
12A

The online classes are going on full swing with the help of teachers' hard work along with the Co operation of students. The students efforts would be known once they give their online assessment. Also the request from parents side is A Summer Break for the children as this is the only long break they would get. Once the school re opens, they would be under tremendous stress. Studies would go on a full swing. Hence I request the school staff to consider the request. Thank you. Regards,

Deepa. M, M/o V. Karthik Ramana
