FEEDBACK FROM STUDENTS

Ma'am, I whole-heartedly want to thank all the teachers for the efforts and fulfilling the quest of knowledge of their students..... really appreciate that the entire Bal Bharati teachers are still keeping the values of Guru Shishya parampara enlightened.

Madam, we do appreciate that the school is doing all that it can to enable us to study at home and complete our syllabus during this lockdown time. But we are being given too much homework per day, we don't get sufficient time to complete our homework and we are lagging behind. Plus it involves too much of screentime which is affecting our eyes.

FEEDBACK FROM PARENTS

It is truly said that time and tide waits for no one and I really appreciate that the school has taken the initiative of providing online classes to the students. Through this the students are getting a study environment in their home and are getting the quality content by the teachers. It seems that as if the teacher is sitting just in front of the student and paying attention to each and everyone. but just like a coin has two faces similarly too much homework given in online classes than regular classroom teaching is not giving them sufficient time to revise the daily topics done by the teacher.

The online classes initiated by school staff is applaudable. It's very useful during this lock down. Teachers are trying their best to keep the students on track with the syllabus. Thanks a lot to the teachers. Though this is a major plus by teachers, students find difficulty when there is issue of net. Due to internet signal problems, they face continuity issues. Their notes are incomplete. One more issue is that, I wanted teachers to request children not to disturb other students and teachers by chatting in between. They chat among themselves during classes which has to be strictly avoided. One more issue is, while teacher asks students some questions, everyone answers in chorus, which makes it very chaotic. Teachers can request students to answer individually and others to be muted. Writing work are a bit speedy, children are finding it difficult to cope up with it. Though some stated negatives are present, it's overall a very good work done by the school staff and Management. Thank you.
