Feedback from Students

I really enjoy the online classes. The way it is planned and dealt out, easy for me to study. Teachers are doing their best efforts for students to understand the whole concept clearly.

Chandni Saxena , X - A

The classes are going on really well. It is really interesting to have question/answer and quiz sessions with the teachers and other students. Now our warm up session and assembly has also started which is really a good initiative. I express my thanks to all the teachers that we are able to cope up with our studies.

Mahima Chauhan , X- B
