Dear ma'am
We appreciate your play based learning approach for science class. How you elaborate the concept to kids is really wonderful. At such an early age keyan is able to tell water properties. Kudos to your efforts 🙏🙏🙏

Thanks and regards

Good morning ma'am

Yesterday activity was wonderful. this type of approach would be good for little ones because they may have other aspects of thinking...critical thinking...that every condition has a good reason to be...we hardly tell about the concept of water waves to our kids because we think they are little to understand...the way you describe and handle the kids is really appreciating..i am learning a lot from you mam...

🙏🙏🙏🙏🙏🙏 only for you ma'am.

Thankyou very much..
