I like the way u teach children. U explain everything very well. Adhiraj easily understands ur concepts and enjoys attending online class. Even after class he is keen to do activities given in the class. Appreciate your efforts to make online

classes effective. 😊
Parents of Adhiraj Adlakha PSA

We as parents are finding online classes very effective and child engaging activity , Anush remains very excited to attend the class , he s even reciting Prayer and Poems over your call . It remains very helpful for us as it engages the child in various enjoyable activities. Also , the way you interact with students and the way you handle them over the vedio calls is highly Appreciable.

Parents of Anush Agarwal PSA

We are very fortunate to get the teacher like you. The way you engage children in studies is unbelievable. Chaitanya waits for your "pi-ka-boo" Surprise character. Also the tasks looks fun instead of some boring homework. Thank you so much

Parents of Chaitanya Mittal, PS B

Classes and activity planner both are very interesting. Specially Ma'am you have lots of patience. My child takes so much interest to do activity. She is learning as well as developing her mind. Activities designed very small and educational. Well done

FEEDBACK OF PARENTS ON ONLINE SESSIONS

As in current environment where schools are not open, online class is a good initiative by Bal Bharati. We also realized that my ward enjoys the classes every day. Also we like the way you engages all students during session by story telling, rhymes, and other activities. As a parent we can see that my child is also learning things whatever taught during the classes by her teacher.

Please keep the good work.

Dear Mam,
You are so expressive and musical in your teaching methodology. Singing rhymes in an attractive rhythm , Narrating story to attract child's attention is so awesome. The concept of showing Bosco and Beagle for communication skills is commendable. Siddharth is lucky to have you as his mentor.
Thanks for your hardwork you put in religiously to teach the kids.
Kudos you mam
